

## 2-D Drawing AP Summer Assignments

- Create 3-5 pieces for your “Breadth Portfolio” over the summer
  - In this section the artwork should demonstrate your understanding of the fundamentals of drawing.
  - Examples of drawing done from observation
  - Works with invented or nonobjective forms
  - Effective use of light and shade, line quality,
  - Surface manipulation, composition, various spatial systems, and expressive mark making
    - Linear perspective (spatial systems)
    - Illusion of 3-D forms
    - Ariel views
    - Other ways of creating and organizing space
    - Human figure
    - Landscape
    - Still life
    - Various content, expressionistic viewpoint, psychological imagery, social

commentary, political statements, and other personal issues

- Arrangement of forms in a complex space
- Different approaches to represent form and space such as:
  - Gesture rendering
  - Painterly
  - Expressionist
  - Stylized
  - Abstraction
- Lastly investigation of expressive mark making

If you choose to use a single medium, the work must show a range of approaches, techniques, compositions and subjects.

Develop five ideas for your concentration and produce five sketches for each idea in a sketchbook.
